

DUE TO HISTORIC DROUGHT CONDITIONS

CURRENT DROUGHT RESPONSE

Current Level

We are in Drought Stage Orange.

What the Status Entails

Targeted Water Reductions of 25% and Restrictions on Irrigation (2 days/week maximum & no watering between 10a -6p).

Where this Current Stage Falls within the Hierarchy

This is the second stage in our drought response plan. It goes Yellow > Orange > Red > Brown > Black

As a wholesale customer of Denver Water, CMWC is required to align its drought response with Denver Water's active restrictions.

UPDATED RATES

Standard residential customers (1 ERU*) are billed monthly in three tiers. Our new tiered rates are as follows:

TIER 1
\$5.60

first 5,000
gallons

TIER 2
\$8.00

5,001–15,000
gallons

TIER 3
\$11.00

above 15,000
gallons

These rate changes represent only a first step in our staged drought response plan. Should conditions worsen, both pricing and enforcement levels may be subject to further change.

*For questions about ERUs or customer shares, contact us at CMWC.

RESTRICTIONS

No outdoor watering is permitted between **10 a.m. and 6 p.m.** on any day.

Vegetables, flowers, trees, shrubs, and annuals may be watered any day by hand-held hose (with shut-off nozzle) or drip irrigation, subject to time-of-day requirements.
